

WAITING LIST PLAYER GUIDE

How the Waiting List Works

The waiting list has been populated with registration requests from players who were unable to register for the tournament before it reached capacity.

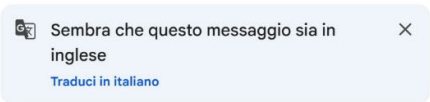

The order of the waiting list (**Position**) corresponds to the order in which players joined the waiting list. Therefore, a player's position is determined solely by their place on the waiting list and not by the time they arrive at the event venue.

For this reason, there is no need to arrive excessively early in an attempt to secure a spot in the tournament. The only requirement is to be present during the designated check-in period, from **9:00 AM to 10:00 AM** on the day of the tournament, and confirm your attendance by completing the **check-in process**, which can be done independently.

Players on the waiting list have received an email containing both a link to a dedicated web application and a QR code that can be shown to staff if assistance is required.

June One Piece Regional 2026 - Lucca - Waiting List Qr Code Posta in arrivo x

a me ▾

Dear 

You are currently on the **WAITLIST** for the tournament 'June One Piece Regional 2026 - Lucca'.

If you still intend to try to participate — understanding that entry is **NOT** guaranteed — please visit the following page before the event:

<https://www.play-system.eu/tornei/?id=46b50e55-2855-4840-9000-000000000000> 

Starting from approximately **6:00 PM on the day before the event**, it will be possible to complete the waiting list check-in process using the web app available at the link above.

On the day of the event, an official **Waiting List** area will be available on site.
The Waiting List area will open at approximately **9:00 AM**.
Players must complete the waiting list check-in process no later than **10:00 AM**.

At the Waiting List area, you will find QR Codes that must be scanned using the web app available at the link above.
Scanning one of those QR Codes will confirm your physical presence for the waiting list.

For the waiting list process, arriving very early at the venue is **NOT** necessary.
Priority is determined exclusively by your position in the waiting list, **NOT** by arrival time at the venue or Waiting List area.

The attached personal QR Code identifies you as a registered waiting list player.
You may be asked by staff to show this QR Code in case of identification or waiting list check-in issues.

On the day of the event and, if permitted by the venue hosting the tournament, also on the day before, a **QR code** will be available in the designated waiting list area, allowing players to complete the **check-in process**.

HOW TO CHECK IN

1. Self Check-In

Players on the waiting list have received an email containing a link to a web app that allows them to complete the **check-in process** (confirm their attendance) by scanning the **QR code** displayed in the designated waiting list area.

To complete the check-in process:

1. Access the web app using the link provided in the email.
2. Click the **"SCAN QR CODE FOR CONFIRM YOUR PRESENCE"** button.
3. Scan the QR code displayed in the waiting list area.

If you need assistance, you can click the **"SHOW YOUR QR CODE TO STAFF"** button and show the code to a member of our staff.

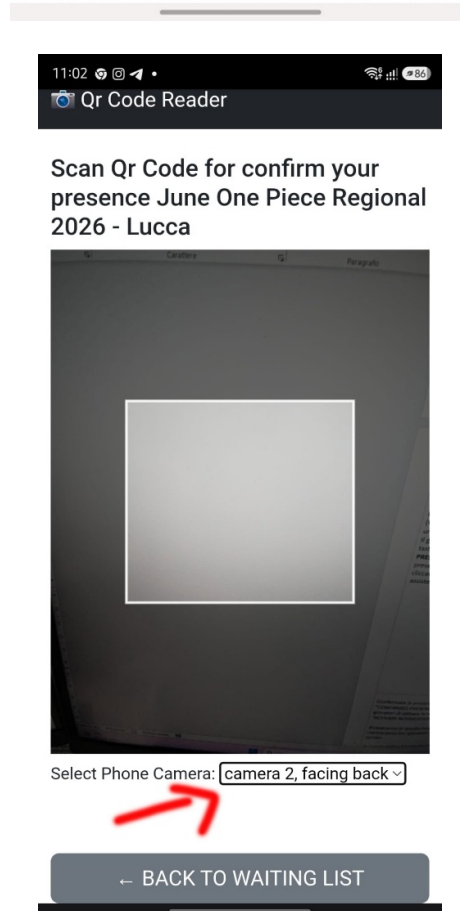

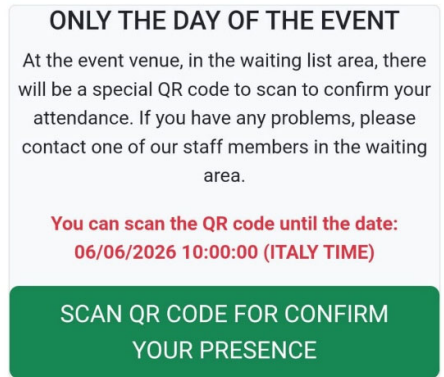

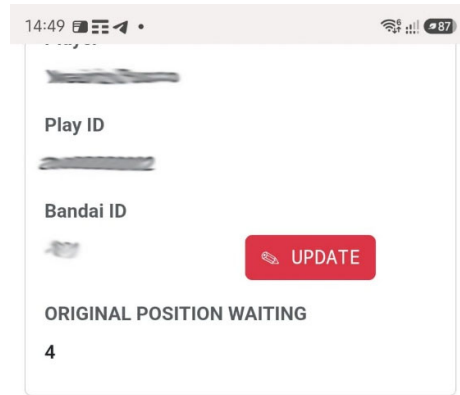

After clicking the **"SCAN QR CODE FOR CONFIRM YOUR PRESENCE"** button, your browser will request permission to access your device's camera. Once permission has been granted, the camera will activate automatically.

If the front-facing camera is selected, click **"Select Phone Camera"** to switch to one of your device's rear cameras.

2. Assisted Check-In

If you experience any issues, the check-in process can be completed with the assistance of a staff member.

Simply show the QR code you received via email, which is also available in the web app by clicking the **"SHOW YOUR QR CODE TO STAFF"** button.

WAITING IN THE WAITING LIST AREA

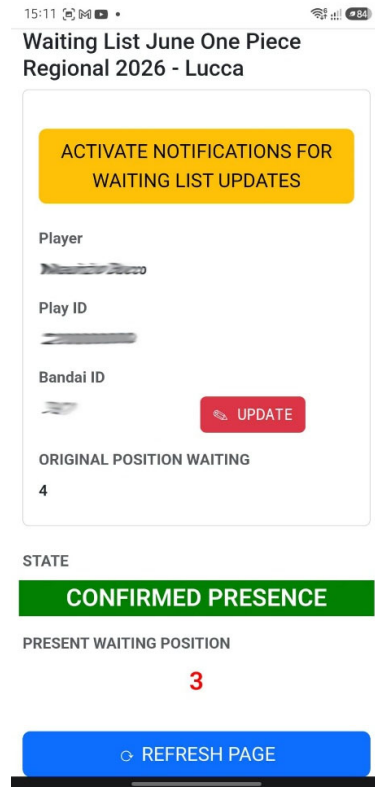

Once your presence has been confirmed, the status "**CONFIRMED PRESENCE**" will be displayed in green within the web app. We also recommend clicking the "**ACTIVATE NOTIFICATIONS FOR WAITING LIST UPDATE**" button.

By enabling notifications, you will receive an alert if your position is selected for admission to the tournament.

Please verify that your **Bandai ID** is correct and, if necessary, update it using the dedicated button available on the page.

The same screen also displays both your **original waiting list position** and your **current position among the players who have checked in (PRESENT WAITING POSITION)**.

The **PRESENT WAITING POSITION** represents your current ranking among all players who have completed the check-in process. This position may change throughout the morning: it will generally increase until check-in closes, then begin to decrease as staff start calling players from the waiting list to fill available tournament spots, typically from **10:00 AM** onwards.

BEING CALLED TO JOIN THE TOURNAMENT

Starting at approximately **10:00 AM**, we will begin calling players from the waiting list to fill any available spots in the tournament.

Selected players (based on their position on the waiting list among those who have completed the check-in process) will receive a **push notification** (if enabled) and an **email** confirming their admission to the tournament.

Once you receive the notification, show it to a member of our staff, who will direct you to the tournament registration area.

IMPORTANT

At this point, the tournament will become visible in the **Bandai TCG+ app**.

To complete your registration:

1. Open the app and select **My Events**.
2. Select the tournament.
3. Click **Register Deck** and submit the deck list you intend to use for the tournament.
4. After submitting your deck list, click **2D Code Check-in**.
5. Show the generated QR code to the registration staff and complete your tournament registration payment.

Submitting your deck list is mandatory and must be completed before the final check-in and payment process.
